Who is covered by the policy?

1. This anti-bribery policy applies to all employees (whether temporary, fixed-term, or permanent), consultants, contractors, trainees, seconded staff, casual workers, agency staff, volunteers, interns, agents, sponsors, or any other person or persons associated with us (including third parties), or any of our subsidiaries or their employees, no matter where they are located (within or outside of the country). The policy also applies to Officers, Board, and/or Committee members at any level.

2. In the context of this policy, a third party refers to any individual or organisation our company meets and works with. It refers to actual and potential clients, customers, suppliers, distributors, business contacts, agents, advisers, and government and public bodies – this includes their advisors, representatives and officials, politicians, and public parties.

3. Any arrangements our company makes with a third party are subject to clear contractual terms, including specific provisions that require the third party to comply with minimum standards and procedures relating to anti-bribery and corruption.

Definition of bribery

1. Bribery refers to the act of offering, giving, promising, asking, agreeing, receiving, accepting, or soliciting something of value or of an advantage to induce or influence an action or decision.

2. A bribe refers to any inducement, reward, or object/item of value offered to another individual in order to gain commercial, contractual, regulatory, or personal advantage.

3. Bribery is not limited to the act of offering a bribe. If an individual is on the receiving end of a bribe and they accept it, they are also breaking the law.

4. Bribery is illegal. Employees must not engage in any form of bribery, whether it be directly, passively (as described above), or through a third party (such as an agent or distributor). They must not bribe a foreign public official anywhere in the world. They must not accept bribes to any degree. If they are uncertain about whether something is a bribe or a gift, or an act of hospitality, they must seek further advice from the company's compliance manager.

What is and what is NOT acceptable

This section of the policy refers to 4 areas:

- Gifts and hospitality.
- Facilitation payments.
- Political contributions.
- Charitable contributions.

Gifts and hospitality

Wish Geeks Techserve Pvt. Ltd. accepts normal and appropriate gestures of hospitality and goodwill (whether given to/received from third parties) so long as the giving or receiving of gifts meets the following requirements:

1. It is not made with the intention of influencing the party to whom it is being given, to obtain or reward the retention of a business or a business advantage, or as an explicit or implicit exchange for favours or benefits.
2. It is not made with the suggestion that a return favour is expected.
3. It is in compliance with local law.
4. It is given in the name of the company, not in an individual's name.
5. It does not include cash or a cash equivalent (e.g. a voucher or gift certificate).
6. It is appropriate for the circumstances (e.g. giving small gifts around Christmas or as a small thank you to a company for helping with a large project upon completion).

7. It is of an appropriate type and value and given at an appropriate time, taking into account the reason for the gift.
8. It is given/received openly, not secretly.
9. It is not selectively given to a key, influential person, clearly with the intention of directly influencing them.
10. It is not above a certain excessive value, as pre-determined by the company's managing director (usually in excess of INR 5,000 or equivalent).
11. It is not offered to, or accepted from, a government official or representative or politician or political party without the prior approval of the company's compliance manager.

Facilitation Payments

1. Where it is inappropriate to decline the offer of a gift (i.e. when meeting with an individual of a certain religion/culture who may take offence), the gift may be accepted so long as it is declared to the compliance manager, who will assess the circumstances.

2. **Wish Geeks Techserve Pvt. Ltd.** recognises that the practice of giving and receiving business gifts varies between countries, regions, cultures, and religions, so definitions of what is acceptable and not acceptable will inevitably differ for each.

3. As good practice, gifts given and received should always be disclosed to the managing director. Gifts from suppliers should always be disclosed.

4. The intention behind a gift being given/ received should always be considered. If there is any uncertainty, the advice of the compliance manager should be sought.

5. Facilitation Payments and Kickbacks: **Wish Geeks Techserve Pvt. Ltd.** does not accept and will not make any form of facilitation payments of any nature. We recognise that facilitation payments are a form of bribery that involves expediting or facilitating the performance of a public official for a routine governmental action. We recognise that they tend to be made by low-level officials with the intention of securing or speeding up the performance of a certain duty or action.

6. **Wish Geeks Techserve Pvt. Ltd.** does not allow kickbacks to be made or accepted. We recognise that kickbacks are typically made in exchange for a business favour or advantage.

7. **Wish Geeks Techserve Pvt. Ltd.** recognises that, despite our strict policy on facilitation payments and kickbacks, employees may face a situation where avoiding a facilitation payment or kickback may put their/their family's personal security at risk. Under these circumstances, the following steps must be taken:
   - Keep any amount to the minimum.
   - Ask for a receipt detailing the amount and reason for the payment.
   - Create a record concerning the payment.
   - Report this incident to your reporting manager.

2. Employees must be careful to ensure that charitable contributions are not used to facilitate and conceal acts of bribery.

3. We will ensure that all charitable donations made are legal and ethical under local laws and practices and that donations are not offered/made without the approval of the compliance manager.

3. If you have reason to believe or suspect that an instance of bribery or corruption has occurred or will occur in the future that breaches this policy, you must notify the compliance manager.

4. If any employee breaches this policy, they will face disciplinary action and could face dismissal for gross misconduct. **Wish Geeks Techserve Pvt. Ltd.** has the right to terminate a contractual relationship with an employee if they breach this anti-bribery policy.
